

Be Brazil Guidelines

we are in
compliance with:

- Provide reliable, consistent & easy to access information on travel restrictions, regulations and protocols applied when traveling to Brazil
- Track and monitor all health, safety and hygiene protocols along the tourism chain (accommodation, transportation, local guides, restaurants, attractions,)
- Training for the team, onsite staff, guides, and drivers of all the health and safety measure implemented.
- Ensure the health and wellbeing of our staff as well as ensuring the working environment is in accordance with the social distance and isolation requirements.
- Development of an electronic welcome booklet with updated info on all health and safety procedures and protocols in Brazil
- Provide a list of hospitals, local medical assistance as well as an on-site Be Brazil staff to support each traveler in case of illness.
- Creation of an internal COVID-19 committee to follow-up on implementation and execution of protocols.
- Creation of segmented and sustainable products focused on nature, remote destinations, and self-drive programs targeted on individual travelers or small group tours with added value.
- Provide a clear communication and negotiation with all travel providers regarding payments, cancellation deadline and, attrition policies as well as the inclusion of Force Majeure clauses, in all contracts.

Covid-19 Protocols

GROUND TRANSPORTATION & LOCAL GUIDE ASSISTANCE

Be Brazil will require that all transportation suppliers, follow the cleaning and protective measures in accordance with the most updated covid-19 protocols.

Masks and hand sanitizers will be provided for passengers and staff on all land services.

Limited number of occupied seats in all transportation can be adjusted according to each client preference.

HOSPITALITY

Although we understand that each hotel has its own regulation, Be Brazil is committed to reinforce all health and safety procedures with our partner hotels. These protocols will be available online in the client restricted area.

RESTAURANTS & SOCIAL FUNCTIONS

Be Brazil is committed to work only with restaurants that are aligned with the Health and Safety protocols. Respecting the offer of a la carte menu and/or packed meals, reduction of capacity to ensure guests can maintain physical distancing within the space and use of protective covering and appropriate distance of waiters / staff according to the recommended health and safety protocols.

ATTRACTIONS

Be Brazil will monitor all major attractions and points of interest certifying that appropriate social distancing methods are applied, reinforcing the use of masks/ face coverings for all guests and keeping a clear communication regarding the new protocols and responsibilities to the guests.
